It is my great honour and privilege to present our 2<sup>nd</sup> newsletter on the Prosthodontist Day 2023. The year 2022 has been an year to remember and cherish. This newsletter highlights the various events of our first annual conference, the IBP program and the Torch event to commemorate the 50 years of Indian Prosthodontic Society. It also showcase events from our national conference. I also request everyone to kindly contribute to our Journal of Orofacial Rehabilitation, the official publication of Indian Prosthodontic Society West Bengal State Branch. Let me also take this opportunity to congratulate our newly elected office bearers and EC members. I thank all the past office bearers especially our past secretary **Dr. Sanjay Prasad**, past treasurer **Dr. Dipankar Pal** and past editor **Dr Saurav Banerjee** for continuing their relentless efforts towards building this branch. I also express my gratitude to **Dr. Udey Vir Gandhi**, **Dr. Tapan Kumar Giri**, **Dr. Uttam Sen**, **Dr. Ashistaru Saha** and **Dr. Jayanta Bhattacharyya**, and for supporting me from the formative days of our branch and previous associations before. Last but not the least I thank our Secretary **Dr. Dolanchanpa Dasgupta** without whose support and guidance my work would have been tougher. I thank our Treasurer **Dr. Priyadarshi Vaibhav** for his timely suggestions and inputs to enhance our branch activities and all our publications.

## **Winner**

### **Students Scientific Paper Presentation 1<sup>st</sup> IPS West Bengal State Conference 2022**

Being the winner in the paper presentation at the 1st annual conference in IPSWB is a memorable event for me as well as for my college. I've always dreamt to do something big. Dr. Kalam has nicely said, "dreams are not those which come while sleeping, but dreams are those when u don't sleep before fulfilling them." So don't extinguish your thirst for making yourself recognized, and awarded. And of course, work in silence and let your success be the noise. My teachers immensely helped me to prepare the presentation and thoroughly guided me throughout the case, as I presented a case report. I gave the presentation online and waited for the result finger crossed. The judges out there had also appreciated my presentation and questioned about any recent advancements in the Q & A segment. I answered crisply and clearly. I knew I had done justification to the presentation and was hopeful. Having a strong sense of self-belief is the key to success. Lastly, I want to say that our PG life is very dull and boring. So, these kinds of events make our monotonous daily life a bit cheerful. So, participation is the main thing. I will advise my upcoming juniors to participate. Who knows... maybe you are the next winner!!

## **FIRST PRIZE** **Students Scientific Paper Presentation** **50<sup>th</sup> IPS National Conference**

My presentation was on the topic **“Centric: The Centre of Confusions and Controversies”**. I owe my success to Principal sir, HOD sir and other professors under whose tutelage I blossomed in to the being that I am today. I am also thankful to my co-presenter Dr. Sudipta Garain who also burnt the midnight lamp along with me. I am truly grateful to IPS for recognising my good work and motivating me to do better. I offer my vote of thanks to the hosts who did a splendid job in organising this gala affair. Last but not the least I would like to thank my parents and my sister for being my biggest support system.

Haldia Institute Of Dental Sciences and Research

## **FIRST PRIZE** **Students Scientific Paper Presentation** **50<sup>th</sup> IPS National Conference**

Our presentation was on the topic “**Centric: The Centre of Confusions and Controversies**”. We were blessed with the guidance of our respected Principal sir, HOD sir and other faculties whose constant motivation and support helped us to excel in this presentation. We have split our presentation into two parts where the presentation was presented by my presenter Dr. Shrutokirti Banerjee and I handled the Q&A session. Initially we became anxious and got panicked by hearing the names of GDC, AFMC and started to doubt our capabilities and thought that we won't be able to complete our presentation within the stipulated time. But believe me these big names dose not matter. What matters is the name of the topic, how well articulated the presentation was and whether it was being presented in mentioned time or not and how post presentation Q&A session was handled. Everything was done in a well organised and co-ordinated manner. Last but not the least I would like to thank my parents and my elder brother for being my biggest support system. Thank you.
