

## EDITORIAL

Dear members it is my pleasure and privilege to share my views and communicate with you through this editorial. We have just come out of the second wave of Covid-19 with determination and good health. As the vaccination drive is on its way, we are fighting hard to combat this pandemic. I request all of you to stay healthy and maintain covid protocols. In this difficult time, our society stood strong and united. I feel happy to share the fact that we conducted a marathon webinar series in the month of June and July. I congratulate all participants and heartfelt thanks to all the speakers who took time out of their busy schedule to enlighten us. I salute the two meritorious budding young prosthodontists Dr. Neha Mukhopadhyay and Dr. Shraddha Agarwal for qualifying the Part 1 exam of Indian Board of Prosthodontics. I also congratulate the entire editorial team who has come out with this second issue of “Journal of Orofacial Rehabilitation” with lots of effort and diligence. I urge all members to contribute to our official journal and benefit the most from it. Till then let us follow the universal safety protocol let down by our council and government and stay safe and healthy.

**Jai hind Jai IPS**
